

Week of: 10/08 to 10/12/2007

Teacher: Coronado

Team: IPC

Monday	Objective: Demonstrate basic science skills.
	Activities: Warm-up covering conservation of mass Skills test – major grade.
	Materials: Test, #2 pencil.
	Follow Up/HW: Work on Ch 17 study guide & vocabulary.
Tuesday	Objective: To prepare for Ch 17 Test.
	Activities: Warm-up. Give out review sheets to be filled out in groups. Review activity.
	Materials: Review, books, notes.
	Follow Up/HW: Study for Ch 17 Test
Wed/Thur	Objective: Demonstrate knowledge of the properties of matter.
	Activities: Warm-up Turn in ch 17 study guide. – daily grade Take Ch 17 test. –major grade
	Pass out periodic table to be color coded and labeled.
	Materials: Test, periodic table WS, colors.
Follow Up/HW: Finish periodic table for hw if needed.	
Friday	Objective: To be able to identify elements based upon protons. Be able to identify isotopes and ions of atoms.
	Activities: Go over warm-up. Cover quarks, atomic models, and atomic mass, and isotopes, and ions. Practice worksheet covering isotopes and atomic masses.
	Materials: Books, notes, WS
	Follow Up/HW: Finish atomic identification WS if needed.
