

Monday	TLW: Recognize the similarities and differences of Ionic and Covalent Bonds	Objective:
		Activities: Ionic and Covalent Bonds Polyatomic Ions Ch 19 study guide #8-18 and Independent Practice Worksheet
		Materials:
		Follow Up/HW:
Tuesday	TLW: Identify the rules for writing formulas and naming compounds. In addition, be able to identify polyatomic ions.	Objective:
		Activities: Polyatomic Ions (Quiz – Identify) Introduction to Writing Formulas (Rules) Introduction to Naming Compounds (Rules)
		Materials:
		Follow Up/HW:
Wednesday/Thursday	TLW: Apply the rules for writing formulas and naming compounds.	Objective:
		Activities: Guided Practice (Naming Compounds and Writing Formulas) Independent Practice Emphasis on Oxidation Numbers
		Materials:
		Follow Up/HW:
Friday	TLW: Apply their knowledge of Writing Formulas and Naming Compounds. Distinguish between four types of chemical reactions.	Objective:
		Activities: Quiz (Naming Compounds and Writing Formulas) Introduction: Identify 4 types of chemical reactions Independent Practice: 4 types of chemical reactions
		Materials:
		Follow Up/HW:
